PROFESSIONAL EXPERIENCE

Sinergi Mitra Groserindo | Full-Stack Developer

Oct 2023 - Present

Remote

- Maintained the existing web client and dashboard by resolving bugs and delivering new features based on user and client requirements.
- Installed and deployed projects on client sites, including configuring the environment, monitoring system performance, and setting up remote access for long-distance maintenance.
- Monitored mobile application performance and errors using Sentry.
- Managed and contributed to mobile and web development projects.

Tech Stack used: Laravel, jQuery, Vue, Nuxt.js, React Native, Flutter

LOKO IT Solutions | Front-End Developer

November 2020 - July 2023

On-site

- Managed and contributed to mobile and web development projects.
- Collaborated with UI/UX designers to translate designs, mockups, wireframes, and prototypes into MVPs and production-ready applications.
- Responsible for maintaining the existing dashboard, fixing bugs, and developing new features based on user or client.
- Built the LOKO Sisfo Campus website, including converting UI designs into responsive pages, using Next.js, TypeScript, Tailwind CSS, and AOS.
- Supported team members by diagnosing and resolving JavaScript and related front-end issues

Tech Stack used : Laravel, jQuery, React, Vue, Next.js, Nuxt.js, Flutter
